Intro: ||: **C/E F Am Gsus** :||

V.1

**C/E F**  
It happens in the dust

**Am Gsus**  
Beyond the bright lights

**C/E F**  
Where no one ever sees

**Am Gsus**  
How messy real life is

**C/E F Am Gsus**  
Where silent tears roll down, like questions hit the ground

**C/E F**  
And set your world on fire

It happens quietly, and I don't notice  
But You are changing me, helping me grow through this  
I can't anticipate, not early never late  
You meet us right on time

**Am F**  
Bringing the truth to light

*Chorus:*

**C G**  
You came down to walk with me

**Am F**  
To be my strength when I am weak

**C/E G**  
And there's no heart that You don't seek

**Am F**  
There's no life Your love can't reach

V.3

So find me in the dust among the searching  
The people in my world  
I never did see  
And as I spend my life, whatever sacrifice  
I won't be scared to move  
Because I go with You

*Chorus*

Bridge:

**C/E**        **F**  
I am overwhelmed

**Am**        **Gsus**  
I am overwhelmed

**C/E**        **F**                    **Am**                    **Gsus**  
I am overwhelmed by Your love, by Your love Lord

Coda:

**C/E**        **F**  
You meet me in the dust and

**Am**    **Gsus**  
lift my head up

**C/E**        **F**  
To see my only hope

**Am**    **Gsus**  
Is You forever
